

# INTERESTED IN A FELLOWSHIP IN CANCER RESEARCH?

**Fondazione AIRC** supports **young researchers**, within 6 years from graduation, who intend to foster their career in cancer research

AIRC OFFERS THESE TYPES OF **FELLOWSHIPS**:

- **FELLOWSHIPS FOR ITALY**

Awarded mainly to new graduates, these fellowships may help a young researcher to learn the basics of research and gain experience at a leading Italian laboratory

- **FELLOWSHIPS FOR ABROAD**

Awarded to young researchers who have already gained experience in a laboratory in Italy, these fellowships allow for a further period of training in a different country, whose facilities are considered at the forefront of oncological research

The 2020 AIRC fellowships calls are now **open!**  
Deadline for submission **June 8, 2020.**

**AIRC Foundation** raises funds to support cancer research in Italy. Its mission is to understand, prevent and cure cancer through research and outreach activities.
